NEW PRODUCTS GUIDE 2019-2020

ADAM

NEW PRODUCT	KEY FEATURES
AE 503 Label Printing Indicator	• Integrated label printer **provides users with all in one solution** when it comes to weighing and printing requirments • Add barcodes, QR codes, pictures and custom logos to the 50mm-wide printed labels. • Ideal for weighing, parts counting, percentage weighing, dynamic weighing, check counting, checkweighing and averaging • Internal rechargeable battery
AE 504 Advanced Label Printing Indicator	• A single compact solution, a weighing indicator with **Integrated label printer** • Add barcodes, QR codes, pictures and custom logos to the 50mm-wide printed labels • Wide range of weighing and counting applications including parts counting • Internal rechargeable battery
BKT Label Printing Scales	• Built-in label printer - print weight labels, bar codes and more with the added ability to **fully customise label designs** to suit a range of printing applications. • **Ideal for demanding environments** including manufacturing facilities and distribution warehouses • Constructed from sturdy ABS plastic, easy-to-clean stainless steel • Large backlit LCD • Internal rechargeable battery

BCT Advanced Label Printing Scales	• Built-in label printer - print weight labels, bar codes and more • The addition of a built-in label printer removes the risk of errors in transcribing counts by printing key data during the counting process • Provide excellent value for industrial counting and weighing tasks • **Store and recall up to 1006 PLUs** or piece weights to improve efficiency in production or warehouse applications. • Large backlit LCD - 22mm high digits offer easy readability • Internal rechargeable battery
AGB/AGF M Approved Bench Scales	• Now offering **EC type/OIML approved** bench scales, a first for Adam Equipment's bench scale range • Ideal for industrial weighing and counting applications • Sturdy construction with robust stainless-steel indicator • Large, **grade 304 stainless steel pan** allows easy cleaning • Rechargeable battery included for operation almost anywhere
AGF/AGF M Approved Floor Scales	• Now offering **EC type/OIML approved floor scales**, a first for Adam Equipment's floor scale range • Ideal for industrial weighing and counting applications • Sturdy construction with robust stainless-steel indicator • Large, **grade 304 stainless steel pan** allows easy cleaning • Rechargeable battery included for operation almost anywhere

GLADIATOR/GLADIATOR M Approved IP67 Washdown Scales	• The Gladiator is an **EC type/OIML** approved washdown scale • Hard-wired mains cable ensures the Gladiator's full IP67 washdown rating • High-quality **304 grade stainless steel pan** • Large backlit LCD with 40mm-high digits • The **display changes colour** in checkweighing mode for at-a-glance notification if you are over, under or within pre-set limits. • Internal Rechargeable Battery • The Gladiator is the successor to The Warrior washdown scale. However, the approved Gladiator M is a new offering within Adam Equipment's washdown range
PTT Pallet Truck Scale	• Heavy duty pallet truck scale with AE 503 with integrated printer indicator • The PTT pallet truck scale provides users with a tool to move items, weigh items and print weighing data with ease in a compact all in one solution. • **Built in printer allows you to record weights of palletised goods with ease** - ideal for internal record keeping of incoming and outgoing shipments. • Rechargeable battery - 200 hours
AE 403/AE 403 M Approved Indicator	• **EC type/OIML approved** indicator with rugged design and IP67 rating • Hard-wired mains lead inside a waterproof socket provides protection against dust and water • Checkweighing mode: **a colour changing backlit displa**y with 40mm-high digits provides increased visibility and quick notification of checkweighing limits • AE 403 is the successor to the AE 402 whilst the approved AE 403 M indicator is a new model for Adam Equipment
